

# Collected Papers from the 18<sup>th</sup> Biennial Mogollon Archaeology Conference

Edited by

**Lonnie C. Ludeman**

Printed by Edwards Brothers Malloy

April 4, 2015

ISBN 978-0-9893174-1-2

This paperback cover volume is now available and can be ordered from the publisher Lonnie C. Ludeman (lcludeman@zianet.com). The cost is \$12 plus \$4 for mailing. If multiple copies are wanted please order at the same time. Sorry, I am not able to accept credit cards.

To pick up a copy from me directly with no mailing charge, please call me at (575) 522-1691 or e-mail me at lcludeman@zianet.com to make arrangements.

To order please send a check, made out to Lonnie C. Ludeman, to the following address:

Lonnie C. Ludeman  
5085 Rock House Road  
Las Cruces, NM 88011

The 18th Biennial Conference held at New Mexico State University, Las Cruces, New Mexico, October 9-11, 2014, was sponsored by the NMSU Anthropology Department and chaired by Dr. Lonnie C. Ludeman. The conference, over thirty five years since the first, addressed many current research areas and had papers presented by leading southwest archaeologists from agencies and institutions in the United States and Mexico on topics from the main geographical areas of Mogollon archaeology: Mimbres, East Central Arizona, Jornada, Casas Grandes, and the Mogollon Periphery.

This manuscript is composed of a collection of 24 papers from the conference and it is hoped, in the spirit and tradition of the conference, that these papers will serve as a forum for discussion and as an aid for suggesting and developing further research.

## Table of Contents

---

v	Preface
vi	Contributing Authors
	<b>1. Mimbres</b>
3	The Significance of Birds at Old Town and Other Mimbres Sites, <i>Darrell Creel, Michael Cannon, Jack Broughton, and Christopher Francis</i>
